Automated Remote Proctoring

IMPORTANT: Test-Takers must use Google Chrome, Firefox or Microsoft Edge. Safari is not compatible.

How-To Guide For Test-Takers

1. On the NCCER home page, click **Take Module Test**.

2. Log in to the Testing System using your **NCCER Number** and **last name**. Select your assigned test by clicking **Start or Resume**.

3. Read the instructions, then click **Take Exam.**

4. Position your **Photo ID** in front of your web camera and take a clear picture.

5. On the left, select **Click to Start Camera**, then **Click to Share Screen**.

6. You will see a browser pop-up. Use the **Window or Screen** drop-down to select **Invigulus**, then click **Allow**.

7. On the left, click **Start Recording**. Next you will see the NCCER Re-test Policy and Security Statement. Click **Accept** to continue. Show any allowed resources to the camera.

YOU ARE READY TO TEST!

Test-takers MUST remain in full view of the camera at all times!

8. **IMPORTANT:** When done with your test, click **END TEST** and **STOP RECORDING.**

ALL TEST-TAKERS
Before testing, show your allowed resources to the camera. Failure to do so will result in a revoked test.

If you are having issues accessing your test, contact your instructor.
