

### Construction Superintendent V1 AEN47CSUPT01 Updated June 2023

#### Focus Statement

A project superintendent is the critical link between the management of a construction contractor and the operating workforce on the project.

#### Overview

- Two-hour closed-book examination
- May use a basic function, non-printing calculator
- No extra papers, books, notes or study materials are allowed
- This certification requires an application and experience validation process:
  - Application approved and competency area experience validated
  - Safety Certification submitted
  - FMI Field Leadership Institute Certification

Minimum passing score is 75.

#### NCCER Curriculum

All NCCER knowledge assessments are referenced to NCCER's curriculum modules as listed on this specification sheet. You may order books and modules from Pearson by visiting [nccer.org/order-books-modules](https://www.nccer.org/order-books-modules).

#### Assessment Development

All questions are developed and approved by subject matter experts under the direction of NCCER.

#### Credentials

Upon successful completion of the knowledge assessment, NCCER will send applicable credentials to the assessment center.

#### Score Report and Training Prescription

Each candidate will have access to their assessment results including their overall score and recommended training.

#### NCCER Registry

Knowledge assessment results are recorded in NCCER's Registry and become a part of the portable record of an individual's NCCER credentials.
